

# MOBILE MANCOOLERS

The Mobile Mancooler is an Australian-made heavy-duty fan that circulates and extracts air.

The Mobile Mancooler is available in single and 3-phase configurations, as well as with an optional intrinsically safe motor. The Mobile Mancooler is currently used extensively in a variety of sectors. They can be used to circulate air in a manufacturing or to remove smoke, odours, or dust from a workplace. The Mobile Mancooler is available in a wide range of sizes to meet a variety of needs.
