

# MEET GATES® MXT™ THE NEXT GENERATION OF PREMIUM HYDRAULICS

With Standard & XtraTuff™ Plus Covers

## LIGHTWEIGHT & FLEXIBLE

Up to 30% lighter than standard hose, reducing fatigue and strain. With up to 40% less force-to-bend, MXT is faster to install and easier to route.

## UNIVERSALLY APPLICABLE

MXT consolidates 20 hoses into 6, not only meeting but exceeding industry specifications with one hose.

**20 → 6  
HOSES**

## INNOVATIVE CONSTRUCTION

With densely packed high-tensile steel wire reinforcement, MXT uses proprietary application of premium materials to deliver performance.

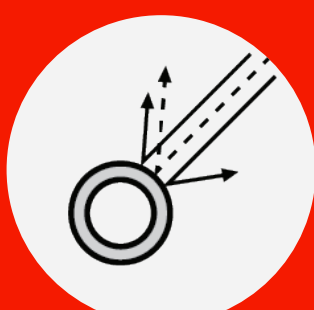

## PREMIUM PERFORMANCE

Engineered to exceed expectations, the MXT performs at 600,000 impulse cycles, 3x SAE and EN industry standards.

## SAVE COSTS WITH MXT

MXT reduces overall equipment weight in transport, decreases bulk hose freight costs, and helps you meet weight reduction targets.

## OPTIONAL XTRATUFF™ PLUS COVER

Need extra durability? The XtraTuff™ Plus cover offers increased ozone resistance and 25x more abrasion resistance than standard hose covers.
